Naturally the superintendent of public Works under the proposed amendment would be directly responsible to the Governor and to nobody else. "All WE need is the Governor," is also an accelerator. The is under way a strong propaganda backed by "WE," which aims for the adoption of all or a great part of the new Constitution.

The Constitutional Convention, besides providing for the printing of a looo,000 copies of the proposed Constitution—which printing was done by the J. B. Lyon Co.—decreed that the document should be printed six times in each of 224 specified newspapers in the State of New York. The price specified was 20 cents an agate line to newspapers in New York City, 75 cents for approximately each 100 words in the newspapers of Erie and Monroe Counties, and 30 cents for approximately each 100 words in the newspapers of Erie and Monroe Counties, and 30 cents for approximately each 100 words in the papers of the State.

quite a factor in the receipts of a country paper, especially as the proposed Constitution can be purchased in plate or supplement form at an outlay of not to exceed \$20. It is not surprising that nearly all the papers which have been favored with this advertising are advocating the adoption of the proposed Constitution.

Among the organs of public opinion to which the advertisement was sent are the Freie Blactter of Albany, the Friendship Register, Friendship; the Cuba Patriot, Cuba; the City Islander, Bronx Borough; the Grape Belt, Dunkirk; the Ausable Record, Ausable Forks; the Tupper Lake Herald, the Prattsville News, the Adirondack Herald and Hanniton County Record, both located in the village of Wells, Hamilton County; the West Winfield Star, the Bedford Record and Suburban Inquisitor of Brooklyn, the Local Canarsie of Canarsie, the Nunda News of Nunda, der Amerikaner of No. 102 Bowery, New York City, the Drych, Utica; the Sandy Creek News of Sandy Creek, the Long Island Brobachter, the Pine Hills Sentinel of No. 102 Bowery, New York City, the Drych, Utica; the Sandy Creek, the Long Island Brobachter, the Pine Hills Sentinel, Pine Hills Sentinel, Granville—which is in Washington County; the Silver Springs Scriical, Silver Springs, Wyoming County; the Yates County Chronicle and Penn Yan Democrat of Penn Yan, and the Lestershire Endicott Record of Lestershire Endicott Record of Lestershire Endicott Record of Lestershire. Painted Post, by some oversight, does not appear on the list. It will be seen from this that "WE" are right on the job all the time, stirring up votes for "OUR" Constitution. DICIARY ON THE STATE

Taspayers in New York City Taxpayers in New York City should bear in mind that if they adopted the propused judiciary amendments to the Constitution the additional seat to the City will be \$1,000,000 a year. The amendment provides that the Judges of the Court of Appears shall be said the Court of Appeals shall be paid the saffle calary as the highest salaried Judges in the State. The highest sala-Judges in the State. The highest all-arted Judges in the State are the Su-preme Court Justices of this city, who get \$17,500 a year. No the amend-ment provides for a raise in salary of \$7,500 a year a 75 per cent, boost— for each of the Judges of the Court of Appeals, and nowhere is there to be found a mention of actual money.

The advocates of the proposed Constitution claim that the measure will cut down the number of State departments from 152 to 17. On the face of things this appears to be true, but it is not, and the attention of taxpayers is called to the fact that NO SALARY OF ANY KIND HAS BEEN ABOLISHED OR REDUCED.

The proposed Constitution, if adopted, actually will reduce the number of departments from 152 to
